THE STORY TOLD ANEW.

In the dust and down the lane Two walked hand in hand together; Blew the wind and fell the rain; Little heeded they the weather.

Gold, raw winds might storm about Waro while mocked each other; Had the road been paved with gold They had never seen a shimmer;

Had the stars left heaven's high fold, Night to them had grown no dimmer, Little heeded they the weather, Confronted of four feet to them.

What said he to make her start, Flush and glow with sudden pleasure? What could cause the woman's heart To beat a faster measure?

Why did eyelids, pensive, rise, Hide the light of glowing eyes, 'Twas the story told anew, Old, yet never antiquated;

Just the same words said just a few, Just the same case as often stated - 'Twas the same in every wise As once was told in Paradise.

TURNPIKES PARDONED. Governor Bradley Doesn't Believe in Further Robbing the State.

Governor Bradley has pardoned before trial the Mayville and Mr. Sterling, the Mason and Bracken and the Mayville and Lexington Turnpike Companies, indicted in the Mason Circuit Court for failure to report the financial condition of the companies to the Mason County Court last year within the time prescribed by law.

The following reasons are given by the Governor for the action taken: "These indictments will result in fines, one-half of which will be paid by the state, and the state will derive no benefit. Mr. Bailey has already been indicted of a fine by the turnpike riders and their supporters, and the state has lost as much. Turning to the uncertain condition of values and incomes it appears that a report could not have been made."

MANILA, Feb. 6.—The Filipinos attacked the American line from Calocan to Santa Mesa at 8:45 Saturday evening. There was heavy fusillade on both sides and the artillery was used. The United States cruiser Charleston and the gunboat Concord bombarded the enemy.

The Americans, after magnificent charges, captured several of the enemy's positions.

The Americans lost 20 killed and had 125 wounded. The Filipinos lost heavily.

The long-expected rupture between the Americans and the Filipinos has come at last. The former are now engaged in a trying Philippine problem with the utmost expedition possible.

The clash came at 8:40 Saturday evening, when three daring Filipinos dart-

ing fire, but owing to the darkness they were unable to determine its effect.

The United States artillery finally succeeded in silencing the native battery.

The 2d artillery also did good work on the extreme left.

The engagement lasted over an hour. The United States cruiser Charleston and the gunboat Concord, stationed off Malabon, opened fire from their secondary batteries on the Filipinos' position at Calocan and kept it up vigorously.

At 2:45 there was another fusillade along the entire line, and the United States seagoing double mortar Monard opened fire on the enemy from off Malabon.

With daylight the Americans advanced.

The California and Washington regiments made a splendid charge and drove the Filipinos from the villages of Pao and Santa Mesa. The Nebraska regiment, also distinguished itself, capturing several prisoners and one howitzer and a very strong position at the reservoir, which is connected with the water supply.

The Kansas and Dakota regiments compelled the enemy's right flank to retire to Calocan.

There was intermittent firing at various points all day long.

The losses of the Filipinos could not be estimated at present, but are known to be considerable.

The American losses are estimated at 20 men killed and 125 wounded.

The Yborites, armed with bows and arrows, made a very determined stand in the face of a hot artillery fire and left many men dead on the field.

Several attempts were made in this city Saturday evening to assassinate American officers.

MANILA, Monday, Feb. 6.—9 a. m.—The Filipinos have apparently reached the conclusion that the Americans mean business, now that the barriers are removed, as there were no further hostilities Saturday night and no attempt was made to recover the lost ground.

It is possible, however, that they are following the tactics they employed against the Spaniards and will merely lie off a few days to recuperate their forces before returning to the attack.

It is impossible to ascertain as yet how the news has been received at Malabon, the seat of the insurgent government, but the Filipinos in Manila express the opinion that the movement for independence has been a complete blow and that annexation will soon be welcomed generally.

WASHINGTON, Feb. 6.—Instructions will be sent to Maj. Gen. Otis Monday

lines they formerly occupied, capturing several villages and their defense works; insurgent loss in dead and wounded large; our own casualties thus far estimated at 175, very few fatal. Troops enthusiastic and cheerful. Navy did splendid execution on flanks of enemy; city held in check and absolute quiet prevailed. Insurgents have secured good many prisoners, a few fold pieces and quick firing guns, with ammunition, during last month.

WASHINGTON, Feb. 6.—Col. James A. Sexton, commanding-in-chief of the Grand Army of the Republic, and a member of the war investigating commission, died at 8:10 Sunday morning at Garfield hospital from complications resulting primarily from an attack of the grip.

Col. Sexton had been ill about a month, first with grip and kidney troubles and later with meningitis of the brain. His system failed to respond to medical treatment and for several weeks his recovery was seriously expected.

There were no funeral services in this city, but six members of the grand army acted as pall bearers, both when the body was removed from the hospital and when put aboard the train. At Chicago, F. W. Spook, quartermaster of the grand army, and P. Thompson, assistant military general, and W. L. Smith, of the Loyal Legion, will have charge of the military funeral arrangements.

It is noted in connection herewith that the opponents of the treaty are less hopeful of its ratification than at any time during the past week.

USE CONCILIATION

It is Urged That It Should Be Tried on the Insurgents in the Philippines.

CONDITION REPORTED IMPROVING.

Gen. Otis Directed to Keep in Communication With the Insurgents and Explain Our Friendliness.

One of the Committee Now on the Way to Manila Should Be Directed to Confer With the Insurgent Leader as Former Did With Gomez.

WASHINGTON, Feb. 6.—In view of the satisfactory outcome in Cuba, it is urged by a prominent doctor at Manila should be tried with Aguinaldo. Advice from Gen. Otis show that conditions in the archipelago are improving. He states that he is confident that the insurrection of peace is justified, the opposition to American control will collapse.

Gen. Otis has been directed to keep in communication with Aguinaldo and explain the friendly purposes of this government, but the point is made that if the committee now on the way to the Philippines, or one of its members, should be directed to confer with Aguinaldo, and explain the purposes of this government, and explain the wishes of the president, the backbone of the fight against the sovereignty of the United States would be broken and a different aspect would be placed on the situation.

If the president chose to do so he could with propriety have a conversation with Aguinaldo, who represents Aguinaldo and explains the purposes of this government. Aguinaldo has made himself distasteful to this government, however, because of his action in making public the documents which he submitted to the state department and sending cablegrams to his chief advising him of the developments in the situation.

Through his secretary Aguinaldo has presented at the state department under other noncommittal, showing that the area of territory and number of people controlled by the "Philippine republic" is many times greater than that controlled by the United States. He has also shown the sovereignty of the archipelago, and overwhelmingly greater than that controlled by the United States, which only holds Manila. He has also shown the right of the Filipinos to govern themselves and closed by arguing that the United States should recognize the republic. No notice will be taken of the communication.

AGONCILLO INTERVIEWED.

He Says It Will Take the United States at Least Ten Years to Conquer the Philippines.

THUR. N. Y., Feb. 6.—In an interview here Sunday night Felipe Agoncillo, who is on the way to Canada, said concerning the fighting at Manila:

"There may have been an exchange of shots by accident. I did not intend such a thing. I came on a mission of peace. I came to offer the United States every possible commercial advantage. We want to be friendly with the United States. We were willing to pay the \$200,000 to Spain and also pay all the expenses of Dewey's fleet at Manila. All we want is to be 'independent' and to have the friendship of the United States. We are not a people. We are a people and we love our freedom."

"Are your people willing to do anything short of independence?"

"I will not say that. I want to be free and independent, the same as the United States."

"What will they do if the treaty is ratified and the United States assumes sovereignty?"

"I do not know. If the Americans attempt to conquer the Philippines it will take at least ten years, and even then they will not be conquered. They will never be conquered. They will be constantly rising to gain their independence."

"It is too bad," concluded the Filipino interview. "I came to your country to offer you the friendship of my people, to give you our trade and pay all the expenses of obtaining our freedom for you from Spain. In return you refuse to even listen to me. If you had been willing to listen to what I had to offer all of this trouble could and would have been avoided. It is not the seeking of my people. I am sorry."

Agoncillo repeated that he would return to the United States as soon as he learned the reliable news about the events of Saturday in the Philippines. He expressed the hope that the treaty that he is a very badly frightened man.

Don Carlos Will Show That He Is Not a Fool.

LONDON, Feb. 6.—The Paris correspondent of the Daily Graphic telegraphs the substance of an interview he has had with the agent of Don Carlos in France, who declared there was no longer any doubt that the pretender would take the field as soon as the peace treaty was ratified. The organization was the chief has been entrusted to Marquis de Corralles.
